The occupiers "lived" in the premises of the center, their "GRAD" MLRS and their fuel trucks were located on the territory of the institution. They left behind only garbage, destruction and looted children's study and rehabilitation rooms. Windows, walls and doors broken by blast waves, furniture and didactic materials were crushed, office equipment was completely destroyed...

We are asking you for charitable assistance, namely:

1. Provision of office equipment (laptops, tablets and color printers) for comprehensive assessment of children's psychophysical development, diagnostics according to European methods related to automated systems, production of didactic material and organization of work with children with special educational needs
2. To organize corrective and developmental activities with children with special educational needs, didactic materials and other corrective means are needed.
3. During the stay of the occupiers, all medicines were removed from the nurse's office, so if you have the opportunity to provide medicines and medical supplies, we will be sincerely grateful to you
